3. Signatures and authorizations

By signing below, I understand that commission options for annuity contracts were elected by the original selling firm at the time of issue and are irrevocable. Service fees are paid on contracts that change the broker-dealer of record. Service fees may differ from original commission percentages.

Pursuant to the FINRA Memorandum dated 12-8-2004, providing additional guidance to NTM 04-72 (October 2004), the releasing broker-dealer will not provide the same services to the client account that the financial professional previously performed, thereby "abandoning" the client account. The accepting broker-dealer is willing to service these accounts to avoid them from becoming abandoned. This authorization certifies that the client has been notified to the change of the broker-dealer of record using negative response letters consistent with the just and equitable principles of trade under rule 2110, with adequate time and information to decide whether to object to the transfer.
