Value Enhancement rider/ CAREAdvantage℠ benefit authorization

Before you begin

Use this form to initiate a request for benefits under the Value Enhancement rider (also known as CAREAdvantage℠). Please note:

- The deferral period must have elapsed in order to be eligible to submit a request for benefits. Consult your annuity contract/certificate (contract) and/or prospectus for the specific length of the deferral period.
- This request is subject to verification of eligibility.
- Should your request be approved, any monthly benefits received will be credited to your contract.

If you wish to withdraw benefit amounts, you must submit a withdrawal request by completing the Withdrawal request form (either 130711 or 130701). The withdrawal of benefit amounts is subject to the same tax treatment as other contract withdrawals.

Important information

The Value Enhancement rider is designed to supplement your annuity to help with unexpected costs such as nursing home or home healthcare expenses. Please note that this benefit is not a reimbursement for medical expenses, but rather an additional credit to your contract to use at your discretion.

In order to be eligible to receive benefits, you must satisfactorily complete the review process to verify your eligibility. This process consists of three steps: confirmation of benefit eligibility, confirmation of provider eligibility, and fulfillment of a 100-day elimination period. Each of these steps, further explained below, must be satisfied before benefit payments can begin.

- **Step 1: Benefit eligibility**—John Hancock must determine that the covered person's medical needs meet the contract's benefit eligibility requirements. Once we receive this form, a benefit coordinator will call to assess the covered person's condition and confirm the care services the covered person is currently receiving. John Hancock will determine benefit eligibility based on this assessment, and you will be notified of the decision in writing.
- **Step 2: Provider eligibility**—Your John Hancock contract requires that the care assistance services the covered person receives be provided by a recognized and qualified care provider. Once we review, we will notify you in writing if the care provider meets your contract requirements.
- **Step 3: Fulfillment of elimination period**—Satisfying the elimination period is the last step required before receiving benefits. Your John Hancock contract requires that the covered person receive 100 days of paid care services before benefit payments can begin. In order to substantiate that the covered person is receiving these services, you will be asked to submit the care provider's bills or statements, indicating the dates when services were provided. You will be notified in writing with instructions on how to submit information to fulfill the elimination period, as well as what services are eligible.

If you or the covered person have a designated representative to handle legal affairs, such as under a power of attorney, a copy of the authorization must be submitted with this form. If you have any questions about this form or your contract, please call us at 800-344-1029.
